

Southern California Genealogical Society

jamboree extension series

Attend Jamboree year round — *no matter where you live*

Thank you for attending this webinar, which is part of the Jamboree Extension Series (JES) produced by the Southern California Genealogical Society.

The JES webinars meet one of the most important goals of the Society: to offer educational programs for our members and for family historians and genealogists everywhere.

Our webinars are offered to the public, free of charge, on the live (first) broadcast. As a benefit of membership, SCGS members are able to access the webinar archive at any time of day.

The Society does incur costs for conducting the webinars, including speaker honorarium, use of the GoToWebinar software, as well as valuable volunteer time.

SCGS is committed to offering these sessions as long as we are financially able to do so. Please consider supporting this effort by joining our Society as a member, or by making a contribution to our education fund.

Of course, members enjoy a number of other benefits which are summarized elsewhere in this packet. We encourage you to join us, even if your family hasn't made it to California yet. You'll be glad you did!

Thank you again for your participation, and for your continued support of the Southern California Genealogical Society.

Jamboree Extension Series presentations are scheduled on the first Saturday and third Wednesday of each month. Saturday sessions will be held at 10am Pacific time / 1pm Eastern time; Wednesday sessions will be scheduled at 6pm Pacific time / 9pm Eastern time.

What's a webinar?

Don't be daunted by the name. A webinar is an educational class. (That's the "-inar" part, as in the word "seminar.") It's led by a professional or specialist in the topic and is delivered over the Internet. (That's the "web-" part.) Speakers typically provide a handout or article to accompany the slideshow. Sessions include a Q&A period and some include special offers or drawings for door prizes.

How much does it cost?

The live broadcast of each session is open to the public and FREE to all everyone (space is limited to 1000 attendees). Webinars are recorded, archived, and available for the next twelve months day or night, in the members-only section of the SCGS website. A 1-year individual membership costs only \$35 and affords access to all JES webinars.

We welcome personal, foundation and corporate contributions of any amount to help fund this popular program. Donations can be made online www.scgsgenealogy.com or through PayPal. Those who wish to donate by check or money order may send their contribution to:

How do I sign up?

Step 1

Go to the SCGS website (www.scgsgenealogy.com) On the menu, click on **Jamboree Extension Series => JES-2013 Webinar Courses**. Review the list of sessions. To sign up for a session, click on the link (the title of the webinar) for the program you want to attend. You may register for as many sessions as you want.

Step 2

The registration link will take you to an registration page on our partner website, GoToWebinar.com. Enter your name and email address and answer a couple of questions. You will receive confirmation of your registration by email. You'll also receive reminders before the webinar. The reminder email will have information on accessing the handout material.

Step 3

On the day of the session, click the link that you received in your invitation to GoToWebinar.com to join the online session.

By the way, you can participate in a webinar even if you don't have a computer, iPad or other equipment. You may also phone in to the session and listen to the presentation. You won't be able to see the screen but you will be able to hear the speaker. Long distance charges may apply.

How do I watch a webinar?

To watch the speaker's material and listen to the presentation, you will need computer equipment with speakers and a broadband Internet connection.

Review the technical requirements to verify whether your computer will work to watch the webinar. If you have broadband (DSL or cable) you will have a much better experience.

Technical requirements include:

PC-based attendees

Required: Windows® 7, Vista, XP or 2003 Server

Macintosh®-based attendees

Required: Mac OS® X 10.5 or newer
